

9 July 2024

Dear Parent/Carer

Post A Level Results Services

Now that the exam series has come to an end we would like to notify you about the post exam results services. As a school we will be offering the following post results services:

- Review of Marking (chargeable)
- Clerical re-checking (chargeable)
- Access to Scripts

These services are for those who have gained a lower grade than expected and therefore believe the exam board may have made an error in their marking. The individual costing for each exam board and service are listed on the attached document. **Please note the cost is met by the candidate, not the school.**

To request any review service you will need to make an appointment following the receipt of results with Mr Pandya, by emailing hpandya@pinnerhighschool.org who will discuss the individual request and decide whether it is advisable to proceed. Please be aware grades can go down as well as up.

If the candidate proceeds with the service they will need to complete a review of marking form and sign it, consenting to permission for the application to take place. The Examinations Officer will then make the application once payment has been made via the school's ParentPay system.

For more information please refer to the relevant JCQ website page here: [JCQ Post Results Service](#)

Finally, if your child cannot attend results day in person, please complete this

[A Level Exam Results Collection FORM - DEADLINE Thursday 15 August 2024](#)

Yours sincerely

Mrs H Leach

Examinations Officer
